

http://www.studiosota.com/workshop_detail.php?id=1

10:00am.- 6:00pm.

An Intense natural and studio lighting 2 days workshop;
combined shooting real model with fashion accessories (Jewelry or bags) prepped
with professional make up /hair artist.

You can learn how to take control of your photography from lighting, posing,
communication, post production and submit the right pictures to the client.

In studio, on set or on location. The true workshop caters only for YOU.
Once the workshop completes, we can help building your portfolio website to publish
your works through our server.

Key educational subjects are:

- 1-4 light set up
- Controlling the main light with different modifiers
- Balancing the light on background and subject
- Seeing and working with different flash effects
- Using Reflector for Main or fill
- Posing with different set up and style light for a pose
- Facial Analysis-learn to light to minimalize skin flaws
-

A Friendly workshop! for every one , every level.

(If you are just the beginner.... let us know so, we can give you Camera basic
orientation)

DO not be intimidated!
